Affordable Housing Survey

What is your vision for affordable housing and for the Sawmill District?

The City of Albuquerque, in partnership with the Sawmill Community Land Trust, is asking the community to **complete a survey** that focuses on **affordable housing preferences**.

By filling out the survey, you can provide feedback on the following topics:

- How does your budget and family size affect your housing choices?
- What are your business or commercial needs for the Sawmill District?
- What transportation choices make the most sense for you?
- In general, what are your household, neighborhood, and transportation priorities?

THE SURVEY LINK ON THE WEBSITE IS LIVE NOW!

You can access the survey at HomesforABQ.com where you can also **help us name the housing development!** We welcome kids and family members to share their ideas on this digital whiteboard.

Visit the project website for more information.
